Based near Northwich, Acton Bridge is a good starting point for a number of routes. Travelling north, you meet the canal where it all started – the Bridgewater Canal, which takes you lock-free to Manchester. From there you can travel to the Leeds-Liverpool Canal, or continue on the Cheshire Ring via the Peak Forest and Macclesfield.

Apart from Manchester itself, currently being cleaned up, this is a beautiful route with constantly changing scenery.

South of the base you can travel the Four Counties Ring, or meander up to Chester and beyond to the Ellesmere Port boat museum.
